VOL. LXXXI—NO. 8. WILMINGTON, N. C., WEDNESDAY, OCTOBER 2, 1907. WHOLE NO. 12,488.

OUTLINES.

President Roosevelt was given a royal welcome at Keokuk, Iowa, yesterday, where he embarked for a trip down the Mississippi as far as Memphis; he made a speech and was presented with a gold-headed cane by the negroes of the place, replying in his customary manner as to his differentiation between the races; members of the Inland Waterway Commission were present and there were also many other distinguished visitors; the hunting camps for the Chief Executive in Louisiana have already been laid out and an expert hunter has spotted the bear in the canebrakes for him. ——Eight witnesses testified in the Rowland case at Raleigh yesterday, the burden of this testimony, all for the State, being that Engineer Strange whom the defendants are charged with poisoning, was a sound man and was not suffering with heart disease; an effort was also made to show the intimacy that existed between Rowland and the dead engineer's wife while the engineer was yet living.—— The railway rate hearing of the Southern was resumed in Raleigh yesterday before Standing Master Montgomery; one witness from Greensboro testified to gross discrimination by the railroads against North Carolina in the matter of freights. —— Startling charges of extravagance and mismanagement are contained in a petition filed yesterday caling for the appointment of receivers for the New York City Railway Company and the Metropoitan Street Railway.——Governor Comer has issued an ultimatum to the railroads who persist in their refusal to put the reduced passenger rates into effect in Alabama, saying that unless the law is complied with by October 7th, an extraordinary session of the Legislature will be convened for applying the remedy.——Negroes were excluded from participating in the Democratic primary by the State Democratic Central Executive Committee of Louisiana yesterday.——New York markets: Money on call, strong 4 3-4 to 6 per cent.; ruling rate, 5; closing at 4 3-4; offered at 5; spot cotton quiet, closing at 11.80; flour steady with fair demand; wheat, spot firm, No. 2 red, 1.04 elevator; corn firm, No. 2, 77 1-2 to 78 elevator; oats steady, mixed 53 1-2; turpentine firm at 55 1-2 cents; rosin firm.

Following the example of President Roosevelt, a Barr hunt is now the excitement at Jamestown.

If the President will apply a match to that paper trust, and do it quickly, he will be given "full position" in every newspaper in the land.

With Taft "jollying" the Mikado, Root drinking mesquite with Diaz, and Roosevelt raiding the Mississippi Valley, there will be no dearth of news for some time.

Twelve marriages are announced for Rock Hill, S. C., during the coming Winter, and the Charlotte Observer calls it "an approaching epidemic." Tie-phoid, of course.

The Atlanta Constitution and The Journal are exchanging compliments, and as the stove trust is the question at issue there is danger that things may get red-hot. Thus far, no red ink has been used.

A St. Petersburg cablegram says: "The conviction prevails here that war between Japan and the United States is inevitable in the distant future." Well, this is one case in which "distance lends enchantment to the view."

The remarkable, but well authenticated, statement is made that every fifteen minutes a life is lost in New York city under the wheels of a passenger car, surface, elevated or steam. This fact has been brought out by Secretary Travis H. Whitney, of the public service commission, in a table giving a record he has kept of transportation accidents from August 5th to September 1st.

The Greensboro Industrial News is looking for a "mare's nest." It believes that the railroads made large contributions to the Democratic campaign fund several years ago in order to defeat Populist and Republican candidates for the Legislature; and the I. N. wishes to "take a look at the books." "Hoot, mon!" It was the almost universal belief that the railroads preferred the election of Populists and Republicans because they could be more easily "controlled."

The criminal records establish the fact that it is extremely difficult to convict a man of murder, or even manslaughter, in cases where the homicide has occurred in a house of illfame. The prevailing sentiment, whether right or wrong, is that the victim ought not to have been in such a place. Then, the fact that such homicides are almost invariably the result of a drunken brawl makes it easy for counsel for the defence to create a "reasonable doubt" in favor of the prisoner.

THE ROWLAND CASE

Eight Witnesses Testified in Noted Trial in Wake Superior Court Yesterday.

INTIMACY OF DEFENDANTS

This Said to Have Existed Before Death of Woman's First Husband. They Met in the Surf. Other Notes.

(By Associated Press.)

Raleigh, N. C., Oct. 1.—In the trial of Dr. Rowland and his wife for the murder by poison early last April of Engineer Strange, whose wife Mrs. Rowland was at that time, eight witnesses testified today.

The evidence was that Strange was not afflicted with heart disease, the State contending that medicine given him by his wife made him sick; that Dr. Rowland and Mrs. Strange had been intimate before Strange's death and that she had gone to his office at night, and that he had been seen in the neighborhood of her house after midnight when Strange was out of town.

Two witnesses, James T. Strange, of Indiana, brother of the dead man, and his wife testified today that Engineer Strange was a healthy man; that they never had heard of his having heart disease and that on visits to them his wife, Lillie Strange, had given him brown tablets that made him sick. They detailed a conversation with Mrs. C. R. Strange, now Mrs. Rowland, in which she spoke of perhaps going away with a richer man and of her meeting for the first time Dr. Rowland in the surf at Portsmouth when he is said to have offered to teach her how to float.

(Special Star Telegram.)

Raleigh, Oct. 1.—This has been "prosecution" day in the famous case of Dr. and Mrs. Rowland. The witnesses testified to the robust constitution of Engineer Strange, the absence of heart trouble and Seaboard Engineers Mike Tighe and T. C. Ennis told of having watched Mrs. Strange go to Rowland's office after night. All this in spite of the contention of the Rowland's that they never met until the death of Strange, having married three weeks thereafter.

Seaboard roundhouse men told of night visits of Dr. Rowland to ascertain the movement's of Strange's engine.

T. C. Moore, an alderman, told of Mrs. Strange's telephoning Dr. Rowland about the movements of her husband and naming hours for him to call.

J. T. Strange and wife, of Indiana, testified to the strong constitution of their brother and to Mrs. Strange's having insisted on his taking some brown tablets in 1905 and that these tablets made Strange violently ill during a visit to them. She claimed to have gotten them from a physician at Portsmouth, Va. The purpose is to prove they came from Dr. Rowland. Mrs. J. T. Strange told of Lillian Strange having confided to her during her visit to Indiana that she had met Dr. Rowland without the knowledge of her husband. He helped her to float in the surf, handling her rather freely. The indications are that the trial will continue through Friday with a number of new features of evidence especially as to the charge of aconitin poison in killing Strange.

Will Be Married in This City.

At the home of the bride's mother, Mrs. Mary A. Penny, No. 608 Brunswick street, this afternoon at 5 o'clock, Miss Aline Penny, an attractive young lady of this city, will be wed by Mr. Morgan Hunter, of Bennettsville, S. C. After the ceremony, which will be witnessed by friends and relatives of the young couple, the couple will leave for the Jamestown Exposition and other points North. Returning they will be at home to friends at 605 North Seventh street after October 15th.

Louis McMillan Dead.

Louis McMillan, a well known colored man, died rather suddenly at an early hour yesterday morning at his home, No. 910 Schutte's alley. During the old volunteer fire department days. Louis was a driver of the hose reel truck and was generally well thought of. He was 47 years of age and leaves a wife and seven children. Of late years McMillan had worked at the carpenter's trade.

ROW OVER SCHOOL SITE

Hearing Before Judge Biggs Yesterday Afternoon Upon Petition of Citizens to Enjoin Committee in Matter of Location.

There was an interesting hearing before Judge J. Crawford Biggs in the Superior Court room here yesterday afternoon upon a petition of W. H. Cannon, George Collins, A. E. Burton and certain other citizens of Burgaw, Pender county, that the committee of a recently established special high school district in that town be enjoined from spending something like $2,000 of special taxes about to be collected by Sheriff Atkinson for a site for the proposed institution. It appears that the town is divided on the location of the school and the opposition has carried its fight so far as to attack the very constitutionality of the act under which the special tax was carried, mildly drawing the color line into the controversy upon the same issue.

The school committee is composed of Messrs. C. E. McCullen, chairman; A. H. Paddison, J. F. Johnson, D. J. Bradshaw and H. I. Bowen. Acting under authority of both the general school law and a special act, the petition for the injunction sets forth that the committee is about to buy land on one edge of the district unsuited to a majority of the pupils in the district and that the location of the school there will require the expenditure of $500 or more for sidewalks leading to the building, whereas the school committee already owns a site and has one offered to it free of charge in a more central location. The injunction is further asked to restrain the committee and the collection of the tax by the sheriff on the ground that the act is unconstitutional in its application to this particular district in that the district is laid out excluding practically all negroes and including all whites, which is held to be discriminative. It was stated by the attorneys for the opposition that the district as laid out has 85 corners, this being to exclude the colored pupils.

The answer of the school committee is that the colored people in the district are amply and adequately provided with school facilities; that the site offered free of charge to the committee is outside the boundaries of the district and is therefore not eligible; that the present school site of the town is inadequate.

The question was argued at length before Judge Biggs yesterday afternoon by E. L. Larkins, Esq., of Burgaw; Maj. John D. Kerr and Messrs. Stevens, Beasley & Weeks for the petitioners, and J. T. Bland, Esq., Messrs. Rountree & Carr and C. E. McCullen, Esq., for the committee. Nearly all the parties to the controversy with several other prominent citizens of Burgaw were here for the hearing.

When all sides had been heard, Judge Biggs stated that he would take all the papers in the case and after examining the act which was not to be had yesterday afternoon, he would render his decision. The outcome of the case is being watched with keen interest by the people of Burgaw, where there is considerable feeling over the matter.

MARRIED YESTERDAY MORNING

Miss Emma Clowe Bride of Captain C. E. McCulloch—Wedding Tour.

As quite a pleasant surprise to a great many friends here and elsewhere will come the announcement of the marriage of Captain C. E. McCulloch, one of the most popular conductors of the Atlantic Coast Line in this city, and Miss Emma Clowe, an attractive young woman of this city. The marriage was solemnized at 9:15 o'clock yesterday morning at the home of the bride's mother, Mrs. Hannah F. Clowe, No. 420 North Third street. It was a very quiet but withal a very pretty wedding, the ceremony having been by the Rev. N. M. Watson, pastor of Grace Church. Only the relatives and a few very intimate friends were present. After receiving congratulations of those assembled, Captain and Mrs. McCulloch left on the northbound A. C. L. train for the Jamestown Exposition and other points North where they will spend their honeymoon. They will return to the city in about ten days and make their home in Wilmington where both are very popular.

Mr. Edward Kettle Arrived.

Mr. Edward Kettle, the newly elected general secretary of the Y. M. C. A. arrived yesterday morning from Douglas, Arizona, and at once entered upon his duties. Mr. Kettle is accompanied to Wilmington by his wife and they have already received a cordial welcome from Wilmington people. As previously noted, Mr. Kettle is a gentleman of wide experience in Association work, especially in the railroad department with which he was connected before he went West.

First Golf Tourney.

The Cape Fear Golf Club will formally open the season on Saturday afternoon, October 12th, when a tournament will be given. The grounds have been put in order and the club is looking forward to a splendid season. An invitation has been received for the Club to send representatives to a tournament to be given at Greenville, S. C., October 12th.

RECEIPTS OF COTTON

September Nearly Thirty Thousand Bales Ahead of Same Month Last Year.

STOCK REPORT YESTERDAY

Exports Also Largely in Advance of Previous Season—Seven Steamers Now in Port for Cargoes—Naval Stores.

The receipts of cotton at the port of Wilmington for the month ended yesterday, the first month of the new crop year, show an increase of 27,596 bales over the same period last season. Most of these receipts were for the last three weeks of the month and some idea of the importance of this industry to Wilmington may be gained from the fact that during these three weeks the value of this staple brought to Wilmington alone has been in the neighborhood of three and a half million dollars.

The receipts since the first of the month to the first of October at Wilmington were 62,445 bales, while the number received September last year was only about one-half or 34,849 bales. Prices have averaged above eleven cents and if the cotton has been marketed very generally, growers are doubtless in pretty good fix.

The exports this year, with the receipts, have, of course, also been in excess of those during a corresponding period in 1906. The exports domestic this year have been only 36 bales, as little, if any, cotton is transhipped here, the record of last year having been only 16 bales for September. The exports to Great Britain this year have been 16,222 bales, and 20,055 to the Continent, against 5,460 to Great Britain and 7,320 to the Continent last year the same month. The total domestic and foreign exports for the month were 36,313 bales, against only 12,796 bales September last.

The stock report posted yesterday at the Chamber of Commerce shows now 11,854 bales on shore here, while 14,274 bales have been loaded into ships about ready to depart, the total ashore and afloat being 13,128 bales. Last year the cotton ashore was 8,786 bales and 13,298 bales afloat, making a total of 22,084 bales.

There are now seven steamships in port for cotton cargoes, and they are being stowed with cotton as fast as they can be docked at the Champion Compress, the daily receipts continuing much in excess of last season. Yesterday there were 4,983 bales, against 3,860 same day last year and Monday something over 6,000 bales, against about half as much same day last year. The local market continues steady at 11 1-2 cents for middling.

The monthly stock report of naval stores, also posted yesterday at the Chamber of Commerce, shows a falling off in all items of the market except tar in which there are about double the receipts of the same month last season. The receipts for the months were as follows: Spirits, 1,491; rosin, 8,217; tar, 3,607; crude turpentine, 1,404. September last year: Spirits, 1,404; rosin, 8,535; tar, 1,464; crude, 2,497. The receipts for the crop year range in about the same proportion.

MISS CHERIDAH SIMPSON.

Prima Donna Who Will Be Seen in Red Feather.

The prominence of Miss Cheridah Simpson in the domain of comic opera is based upon a record of achievement far more solid than most prima donnas have found essential to their fame. Some years ago she was a member of the famous Casino Company, which produced "The Passing Show," "The Belle of New York," and other light musical works. Later she enrolled under the banner of Henry W. Savage and created the role of Paola in "Kng Dodo," and Prince Eagle in "Woodland," with unusual success. She was selected by Manager Jos. M. Gaites to play the rather trying dual role of Countess von Draga and Red Feather in the comic opera of that name, her opulent physical charms and glorious voice declaring her especially fitted for the leading position in the big company. Her success has been notable and in "Red Feather," which will come to the Academy Friday night, she is said to be at her best. The company is one of the largest on tour this season, and includes an orchestra which will be augmented by the regular house musicians.

Seats will be on sale at Plummer's tomorrow morning.

Lessons in Voice Culture.

Mrs. A. W. Reiger, a musician of rare ability, announces that she has consented to take a limited number of pupils in voice culture. Mrs. Reiger has had the best instruction that New York city affords and the terms will be reasonable. Piano music will also be taught. Applicants may see Mrs. Reiger at The Carolina Apartment House, No. 43.

McCray Refrigerators.

Mr. C. C. Cash, salesman for the McCray Refrigerators, is in the city for a few days. Should you be interested in this line, 'phone or write him at the Colonial Inn and he will be pleased to call and show you the line. 2t

BRYAN TO FAYETTEVILLE

Upper Cape Fear Metropolis Making Extensive Preparations For Coming of Great Nebraskan—Tuesday, Oct. 15th, the Date.

(Special Star Telegram.)

Fayetteville, N. C., Octo. 1.—Tuesday, October 15th, will be Bryan Day in Fayetteville. The city expects 25,000 people to hear the great Nebraskan. There was an enthusiastic meeting of citizens today for mapping out the preliminaries of the visit. Major E. J. Hale was asked to act as chairman of the central committee of arrangements and he has named his associates thereon as follows: J. H. Anderson, H. L. Cook, C. J. Cooper, H. R. Horne, A. A. McKethan, James D. McNeill, J. A. Oates, C. G. Rose, John G. Shaw and Q. K. Nimocks. Sub-committees will be named on reception, entertainment, horsemen, etc. The Mayor has been asked to call a public meeting Thursday afternoon at 4 o'clock so that the people of the city may give expression of their gratification at the coming of the great Nebraskan. Mr. John A. Oates has been appointed chairman of the Publication Committee and the coming of Mr. Bryan will be widely advertised in the eastern part of the State. The Observer this afternoon says in connection with the visit·

"Mr. Bryan will be Fayetteville's most distinguished visitor since General Lafayette made his formal visit to the town in 1825, notable as the list has been since then. The catholicity of his welcome is attested by the presence at the meeting this morning of gentlemen of all shades of belief, our most prominent Republican being of the number."

WHERE IS THE ROAD ROLLER

Board of Audit and Finance Makes Pertinent Inquiry—Meeting.

The whereabouts of "John H. Sweeney, Jr.," as the big road roller belonging to the city was christened when that popular Irish-American was on the Board of Aldermen, is a subject of concern by the Board of Audit and Finance which held its regular semi-monthly meeting last night. The matter came up incidentally during the progress of the meeting, which was not burdened with weightier matters, and after taking a mental inventory members of the body could not recall having seen the big machine lately. Then Mr. Wilder recalled that he had read something in the paper about the "John H.,, having been let to Captain Robertson to be used, he thought, in some construction work at Rocky Mount. At this statement the members of the Board set up and began to take notice. There was no record of any contract having been passed by the Finance Board for the use of the machine and straightway the clerk was instructed to send a communication to the other Board asking, really, what has become of the "Sweeney" and what revenue, if any, the city is receiving from the operation of the "fast vestibule." The communication will go forward at once and this will be the subject of consideration at the meeting of the Aldermen Monday night.

The meeting of the Board of Audit and Finance last night was not interesting, all matters from the Board of Aldermen having been passed on at the last meeting in September. All members were present except Mr. Yates. Coupons to the amount of $275, having been paid, were burned by the Board and a large number of bills for current expenses were examined and approved.

Mr. R. W. Rice Injured.

The Wilson Times has the following with reference to a gentleman well known in Wilmington: "Mr. R. W. Rice, of Baltimore, a knight of the grip for a big shirt house, met with a right painful accident last night. In passing along the sidewalk on Tarboro street as he reached the corner of the Patterson drug store there is an abrupt rise in the sidewalk of eight inches, and as the light is rather dim at this point and not being familiar with the street, Mr. Rice stumbled and fell face down upon the hard asphalt pavement, bruising his face and arm badly, and giving him a shake up. A friend was along with Mr. Rice who caught him by the arm and relieved him somewhat of the hard fall, otherwise he might have received severe injuries. It would seem that this place should have attention. It should be remedied in some way. An injury there might subject the city to a damage suit."

Insolent Negro Fined.

John Green, colored, was arraigned in Justice Bornemann's court yesterday and fined $10 and costs for disorderly conduct. The testimony developed at the trial was that he had been sent with another laborer to remove a stable from the premises of Mrs. M. J. Powers, who conducts a store at Eighth and Nixon, renting the premises from the Wessell estate. Mrs. Powers had sub-let the stable and forbade the negroes removing it. They said they had been sent by Capt. Chas. Wessell to remove the stables and it was alleged that Green was abusive to her. From the fine of $10 Green appealed to the Superior Court and Capt. Wessell became his surety in the sum of $50 for his appearance.

IS LONG DRAWN OUT

Branch Damage Suit Again Occupied Entire Day in Superior Court Yesterday.

PLAINTIFF RESTS CASE

Motion to Dismiss Under Hinsdale Act Not Allowed—Defence Begins Evidence—Judgment According to Compromise in Two Cases.

Another entire day in the Superior Court yesterday was taken up with the further hearing of the case of John M. Branch, administrator, against the Atlantic Coast Line Railroad Company in which the plaintiff seeks to recover $25,000 damages for the killing of his son, Conductor William H. Branch in March 1904, particulars of which appear from the complaint as referred to in yesterday's papers. The plaintiff, who is represented by Messrs. McClammy and Empie & Empie, completed the direct testimony yesterday shortly before noon and after Judge Biggs, presiding, had declined a motion of the railroad attorneys, Messrs. Rountree & Carr, Davis & Davis and John D. Bellamy & Son, to dismiss under the Hinsdale act, the testimony for the defence was begun. This was not completed when court took a recess for the day at 5 o'clock yesterday afternoon and as both sides have further testimony to offer, it is doubtful if the case gets to the jury before tonight.

The plaintiff rested yesterday morning about 11:30 o'clock when Mr. John M. Branch was recalled to the stand to corroborate some facts testified to by witnesses after he left the stand Monday. When the plaintiff had rested the attorneys for the defence strongly urged their motion to dismiss under the Hinsdale act upon the ground that the plaintiff had not made out his case. All aspects of the case were gone into in the argument of the motion and some considerable time was consumed in this. After an adverse ruling on the motion by Judge Biggs, the railroad attorneys began introducing witnesses; most of these coming from Florida and one of the number being Engineer Roberts, who was in charge of the locomotive that killed Conductor Branch. Stephen Wilson, a negro trainman, was also introduced to controvert testimony as to how the accident occurred. Engineer Roberts testified that his engine was not backed up to the cars between which the young conductor was caught, but that the grade threw the cars back on him. Other witnesses from Florida were also introduced to show that there was no negligence on the part of the road.

When court convened yesterday morning Jurors Albert Solomon and J. N. Copeland, who had been called and failed Monday, came before Judge Biggs, rendered satisfactory excuses and were discharged from the fine of $40 imposed on them.

Aside from the Branch suit there was but one other matter on the docket yesterday. This was judgment according to compromise in two suits brought for damages for personal injury against the Delgado Mills by Ruther Watts, a boy operative who had one of his hands lacerated badly in some machinery and Francis Watts, his mother, in behalf of the boy for loss of services, because of accident. These cases were settled out of court by the payment of an amount which the attorneys did not make public. Messrs. Davis & Davis represented the mills and Messrs. Stevens, Beasley & Weeks, Geo. H. Howell, Esq., and Empie & Empie the plaintiffs in the two actions.

C. R., L. & P. Co. Opertions.

The new headquarters for the operating department of the Consolidated Company has been opened on the second floor of the building occupied by the Junction Restaurant and Tienken's Barber Shop, on Princess street. The offices are being handsomely fitted up. Mr. John J. Sheehan, superintendent of transportation, will have his hours from 6 A. M. to 8 P. M. After those hours Mr. T. A. Norris will be in charge of operation under the title of chief inspector. Mr. Norris has just been appointed.

Auto Dashes Into Wagon.

An automobile owned and driven by Mr. A. B. Skelding, general manager of the Consolidated Company, dashed into the delivery wagon of the Coca-Cola Bottling Works at Seventh and Nun streets yesterday afternoon. The wagon had been left in front of a place of business where a delivery was being made. The auto was not injured strange to say, but the wagon was smashed up to some extent and had to be sent to the shop for repairs.

Some Very Fine Rice.

Mr. B. O. Stone yesterday placed on display at the Chamber of Commerce a very fine specimen of rice grown this year by the Messrs. Robbins on Oaks Plantation, down the river. The plantation this year will yield something like 15,000 or 20,000 bushels and the market prices are such that this will make a handsome return in money.

THE PAPER TRUST.

After bombarding for years the Tobacco trust, the Standard Oil trust and many other "combinations in restraint of trade," the newspapers of the country now realize that there is a Paper trust that threatens to seriously cripple their business unless the law is invoked in their behalf.

While battling for the rights of the whole people, the newspapers have been neglecting their own interests. This has emboldened the paper makers until their exactions have reached a point when necessity forces the newspapers to take action. Accordingly, a special meeting of the American Newspaper Publishers' Association was recently held in New York to consider the question. The meeting was largely attended and it was decided to make a united and determined fight against the combination that so seriously menaces their prosperity and, in some instances, their very existence.

The rapid and unreasonable advance in the price of white paper was discussed in all its aspects, and it was resolved to petition the government to institute proceedings against the trust at once and arrangements were perfected and a committee appointed to raise funds for the employment of able counsel to assist the attorneys of the government in the prosecution. the most important action, however, was the adoption of a resolution demanding a repeal of all import duties on paper and pulp and on all materials used in its manufacture. The position was taken that a tax on paper is a tax on education, and for this reason is a burden on the entire people.

Every Senator and Representative from the Southern States, with the possible exception of Louisiana, will vote for the repeal of the iniquitous tariff tax on paper; but the "stand-pat" Republican Congressmen of the North will oppose the repeal, fearing that if the movement in this instance succeed it may endanger other protected interests whose champions they are. But the question will be brought before Congress during the approaching session, when the newspapers, the greatest educators in the world, will see who are their friends and who are their enemies.

To illustrate the extent to which the trust is advancing its prices, the Star received last week a consignment of 36,000 pounds of white paper, the cost of which was nearly 50 per cent. higher than the price at which it could have been bought two years ago; and since the contract for that consignment was made there has been a further advance of 15 to 20 per cent.

The result will be that practically all the newspapers in the country will be compelled to raise not only their subscription but their advertising rates. And it is not only paper that is higher in price, but wages and almost everything else used in the production of newspapers have advanced.

Between true sportsmen conditions should be level, says the New York World. The New York Yacht Club before now has used its position to surround the cup race with difficulties. But never before has it laid itself open to the suspicion of evading a fair challenge. It is to be hoped that Sir Thomas will modify his proposal as to the size of the challenger, and that the club, for its own credit and that of American yachtsmanship, will reconsider its decision. The holder of the America's cup should always stand ready to defend it.

Gov. Comer of Alabama is not in favor of general prohibition for that State. He thinks that the solution of the liquor question is to be found in local option. "In the call for an extra session of the Legislature," said the Governor a day or two ago, "I would not embody a prohibition call, and would not advise a State prohibition law." Local option, the Governor explains, gives every county the right to say how it will deal with the matter, whether with prohibition, dispensaries or open saloons. He made his canvass for Governor on that platform and nothing has since occurred to make him change his mind.

The Galveston (Tex.) News says: "The Texas Railroad Commission has directed that a suit for $5,000 penalty be brought against the Eastern Texas Railroad because it fails to run its trains on schedule time. The Eastern Texas is a sort of 'youth to fortune and to fame unknown.' Doubtless a very small proportion of the body politic is aware of the fact that there was such a road. It is notorious, however, that there are other railroads which have long been afflicted with the late train habit."

CURRENT COMMENT.

—This rivalry among trusts, combinations and organizations to raise the price of everything, salaries, wages, or products, in the end can not be of advantage to the general public. Now there is talk of another rise in meat prices, though from some sources comes a denial that there will be an increase. Where a natural condition of supply and demand fixes the price of a service or an article there can be no complaint, but where artificial means are employed to give one interest an advantage at the expense of another there is need for government interference. "Combinations in restraint of trade" are illegal, but the trouble is that only a few of them are singled out for prosecution.—Rome Sentinel (Dem.)

—The people of New York recognize the necessity of the proposed legislation, for our statute books now contain a law, passed last year with their entire approval, forbidding corporations to contribute to campaign funds. Not only is Judge Parker right in declaring that Congress must put an end to the practice within the Federal jurisdiction, but he is also right in saying that the penalty of imprisonment will be necessary to insure the enforcement of such a Federal law. A fine is an utterly inadequate punishment in cases where evasion is so tempting and so comparatively easy. The suggested law will not interfere with individual rights. The partisan who wishes to promote his party's interests by helping it financially can still do so in his private capacity. But the corporation, being in one sense a trust for its stockholders and in another a creature of government and dependent upon the favor of government, should not be permitted to influence the verdict of the people at the polls.—Syracuse Herald (Ind.)

—The annual report of the Wells-Fargo Express Company shows that the annual earnings for the past year were 53.92 per cent., as compared with 38.31 per cent. the year before. And then the report goes on to complain that the recent legislation has subjected the company to additional labor and expense! Evidently instead of decreasing the profits of the express companies the recent legislation has increased them. Isn't it about time the public had some relief from the Express Trust? A good parcels post would solve the problem far better than all possible attempts at rate regulation. But how can we ever hope to get a parcels post as long as we send to the Senate such men as Platt and Depew, who are far more deeply interested in the welfare of their express companies than in anything else under the sun? The express monopoly is one of the most oppressive in the land. Yet it is allowed to continue without any interference. The new Postmaster General is talking favorably about a parcels post, but he is careful to qualify his remarks by the statement that he would not have it compete with the express companies. Why not? Why should this trust be protected? Why should the public be forced to pay year in and year out most extortionate rates when our postal department could profitably carry on the business at one-third the prevailing charge?—Elmira Star-Gazette (Dem.)

TWINKLINGS.

—Knicker—How did Whackum qualify as a railroad expert? Bocker—He once caught a train by a timetable.—New York Sun.

—Where the Rule Doesn't Apply—"It's a good plan to leave well enough alone." "But think of the doctors?"—Cleveland Plain Dealer.

—"Pandora removed the lid and trouble has been abroad ever since." "What a pity Secretary Taft wasn't around at the time."—Louisville Courier-Journal.

—The Lawyer (who is drafting Mr. Snarler's last will and testament)—O, but if I may make a suggestion, don't you— Mr. Sarler—Hang it all, who's dying—you or me, eh?—Sketch.

—"You say your husband sleeps nearly all day?" "Sure I did." "When does he work?" "Sure he doesn't have any work; he's a night watchman."—Yonkers Statesman.

—Wanted a Chance.—"Excuse me, have you a cigar about you?" 'Sure. Here's one. A good one, too." "Will you be kind enough to smoke it? That one you're smoking is fierce."—Milwaukee Sentinel.

—Plenty of Counts.—"Oh, papa!" cried the oil magnate's daughter, "Bessie Beeftrust has captured a count!" "Never mind, dear. Papa has indictments aggregating 939 of them.—Washington Herald.

—She—So if you put a shilling on a horse at 20 to 1, and it wins, you win 20 shillings? He—Yes. She—And if you put a shilling on at 5 to 1? He—You win 5 shilings. She—And what do you win if you put it at 1 o'clock exactly?—Ally Sloper.

—Uncle (visiting nephew at school on prize giving day) — How many voices are there in your chapel choir? Nephew—About seven. Uncle—Why, I had an impression that it had forty or fifty members. Nephew—So it has, but you asked me how many voices.—Philadelphia Inquirer.

—"Why are poets so little appreciated?" asked the young man with long hair. "Well," answered Mr. Cumrox, "It's this way with a piece of poetry! If you can't understand it you don't care to read it, and if you can understand it you haven't any respect for it."—Washington Star.

—"Hang it," growled young Lovett to the girl of his heart, "it makes me mad every time I think of that $10 I lost today. I certainly feel as if I'd like to have somebody kick me." "By the way, Jack," said the dear girl, dreamily, "don't you think you'd better speak to father this evening?"—Philadelphia Press.

Headaches and Neuralgia from Colds. LAXATIVE BROMO Quinine, the world wide Cold and Grip remedy, removes cause. Call for full name. Look for signature E. W. Grove, 25c.

SPECIAL TO SUBSCRIBERS.

Advance in Rates of Subscription Beginning October 1st.

Beginning October 1, the subscription rates of The Morning Star will be as follows:

By Mail—One year, $6.00; six months, $3.00; three months, $1.50; two months, $1.25; one month, 75 cents.

By Carrier—Delivered in any part of the city, 50 cents per month either by the month or year.

This moderate advance has been deferred until it has become absolutely necessary on account of the largely increased cost involved in the production of newspapers.

For many years the subscription price of The Morning Star has been lower than that of any other paper of its class in the State.

We believe that selling strictly for cash, and with our years of experience in the shoe business, we can save you money. Come and try us.

No. 115 Princess street has had your confidence and recived your favors in the part and we are going to try and merit the same in the future, if small profits, courteous treatment, and shoe experience will do it.

Mercer & Evans Company

"CASH SHOE STORE." 115 PRINCESS ST.

What's the Use

of paying more for an article through prejudice, than you can buy for less, that's just as good?

Take Whiskey, for Instance.

We make but one charge—just for whiskey—that's all. When you pay more than we ask for our whiskey you are being taxed for something else besides the whiskey.

Now "WHAT'S THE USE" of you paying an excess to anybody for imaginary superiority—when we have the same goods, but are content through immense volumes of sales, to break even on profits—instead of "hikeing up" the price beyond the point of giving you value received.

"CHESTERFIELD" products are "AS GOOD AS THE BEST FOR LESS." That's the reason "CHESTERFIELD" Whiskies are popular.

"CHESTERFIELD NEVER DISAPPOINTS." Full quart $1.00. TRY IT.

The Buying Class Read The Morning Star, Hence Advertising Pays Best in This Paper

Kind Words

(Fairmont Messenger.)

The Morning Star of Wilmington, celebrated its fortieth birthday last Sunday, and in recognition of the same it came out in two sections with sixteen pages. When the readers of the Star go to the postoffice and get their daily copy they feel that they are meeting with a friend.

(Lumberton Robesonian.)

The Wilmington Star celebrated its 40th anniversary Sunday. It was 40 years old at midnight Sunday night, and it is the oldest newspaper in the State and the only one in which there has been no change in name, ownership or editorial control. Its founder, Mr. William Bernard, is, in coutinuous service, the oldest editor in the State. The Star is an excellent paper and we wish it and its editor many happy returns of the day.

(Kinston Free Press.)

The Free Press wishes to join its contemporaries in congratulating the Morning Star of Wilmington on the successful completion of forty years of journalism in North Carolina. The Star has a record of which any paper should be proud. It has grown from a small paper to be one of the best in the state. It is always bright and newsy, well-balanced and vigorous. May it be even more successful in the future than in the past.

(Norfolk Virginian-Pilot.)

In an enlarged and illustrated edition, full of attractions and of business, the Wilmington Star celebrated last Sunday its fortieth birthday. Through that long period the helm of this sterling newspaper has been wisely and firmly directed by the veteran Bernard who still guides its course with undiminished ability. The Star is a model journal and its editor an exemplar of clean and wholesome journalism. May both live long and prosper!

(Wadesboro Messenger-Intelligencer.)

The Wilmington Star was 40 years old last Sunday. There is nothing in this statement to attract the attention of the average reader, but to those of us who have known something of the ups and downs of the newspaper business in the State, even for the past 25 years, it carries a volume of meaning. Another remarkable fact about the Star is that the gentleman, Major William H. Bernard, who first started it is still its owner and editor, the paper never having passed from under his control a single day during its forty years of usefulness.

(Pender Chronicle.)

The Sunday issue of the Morning Star of Wilmington, celebrated the 40th birthday of the Star with sixteen pages.

The Chronicle congratulates Bro. Bernard, and wishes that he may live to celebrate the 80th anniversary. The record of the Star is remarkable in that it has continued under the same management for 40 years. No other paper in the State has such a record.

Beginning 40 years ago with a Washington hand press, capable of turning out 250 papers per hour, of a five column, four page paper, it has grown to a six column, eight page paper, using Linotype Machines, Mailing Machines and all the paraphernalia of a modern up-to-date newspaper.

The Star has always been bright and newsy, and clean, and has been a welcome visitor in the homes of its many subscribers for lo these many years.

We trust it may not seem amiss for the writer to state that he entered into apprenticeship with Mr. Bernard in 1865 as "devil," and has served him constantly as printer and foreman for upwards of forty years, and is the oldest printer now living in the life of the paper, and can substantiate everything he says in his leading article of Sunday the 22nd inst.

Hard Times in Kansas.

The old days of grasshoppers and drought are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Early Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed by R. R. Bellamy's drug store 50c and $1.00. Trial bottle free.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by R. R. Bellamy, Druggist. 25c.

A young man with one or two years' experience in plain ruling and binding may secure a good situation by making application at The Star office. 3t

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit, Mich.

Two sizes—50 cents and $1.00.

HARDIN'S PHARMACY, Special Agt.

TUMORS CONQUERED

Overwhelming Proof that Lydia E. Pinkham's Vegetable Compound Succeeds.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy Tumor,

The growth of a tumor is so insidious that frequently its presence is wholly unsuspected until it is well advanced.

So called "wandering pains" may come from its early stages or the presence of danger may be made manifest by excessive monthly periods accompanied by unusual pain, from the abdomen through the groin and thigh.

If you have mysterious pains, if there are indications of inflammation or displacements, secure a bottle of Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, right away and begin its use.

The following letters should convince every suffering woman of its virtue, and that it actually does conquer tumors.

Mrs. May Fry, of 836 W. Colfax Ave., South Bend, Ind., writes:

Dear Mrs. Pinkham:—

"I take great pleasure in writing to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me. I also took the Blood Purifier in alternate doses with the Compound. Your medicine removed a cyst tumor of four years' growth, which three of the best physicians declared I had. They had said that only an operation could help me. I am very thankful that I followed a friend's advice and took your medicine. It has made me a strong and well woman and I shall recommend it as long as I live."

Mrs. E. F. Hayes, of 26 Ruggles St., Boston, Mass., writes:

Dear Mrs. Pinkham:—

"I have been under different doctors' treatment for a long time without relief. They told me I had a fibroid tumor, my abdomen was swollen and I suffered with great pain. I wrote to you for advice, you replied and I followed your directions carefully and today I am a well women. Lydia E. Pinkham's Vegetable Compound expelled the tumor and strengthened my whole system."

Mrs. Perry Byers, of Mt. Pleasant, Iowa, writes:

Dear Mrs. Pinkham:—

"I was told by my physician that I had a fibroid tumor and that I would have to be operated upon, I wrote to you for advice, which I followed carefully and took Lydia E. Pinkham's Vegetable Compound. I am not only cured of the tumor but other female troubles and can do all my own work after eigh years of suffering."

Mrs. S. J. Barber, of Scott, N. Y. writes:

Dear Mrs. Pinkham:—

"Sometime ago I wrote you for advice about a tumor which the doctors thought would have to be removed. Instead I took Lydia E. Pinkham's Vegetable Compound and to-day am a well woman."

Mrs. M. M. Funk, Vandergrift, Pa., writes:

Dear Mrs. Pinkham:—

"I had a tumor and Lydia E. Pinkham's Vegetable Compound removed it for me after two doctors had given me up. I was sick four years before I began to take the Compound. I now recommend Lydia E. Pinkham's Vegetable Compound far and near."

Such testimony as above is convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for Tumor Growths as well as other distressing ills of women, and such symptoms as Bearing-down Sensations, Displacements, Irregularities and Backache, etc. Women should remember that it is Lydia E. Pinkham's Vegetable Compound that is curing so many women Don't forget to insist upon it when some druggist asks you to accept something else which he calls "just as good."

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass., for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham in advising. Thus she is especially well qualified to guide sick women back to health.

—Fayetteville Observer: "Mr. G. F. Bronson, the former popular agent of the Southern Express Company in Fayetteville, was here today. We are sure that everyone will be delighted to learn that Mr. Bronson has been promoted to the position of route agent of the Southern Express with headquarters at Hamlet."

HERRING-McALLISTER AFFRAY.

One Participant Bound Over—"The Warblers" Discharged.

The affray Saturday afternoon between Messrs. John C. McAllister and Walter Herring, employes of the Consolidated Company, and the assault by the latter upon the first named, were investigated yesterday noon before Mayor Springer in the police court. Herring waived examination and was bound to the higher court under a bond of $50 to answer a charge of an assault with a deadly weapon. While witnesses testified that the language used toward young Mr. McAllister would provoke a fight upon any occasion, he was taxed with the cost for engaging in an affray, this being the lightest punishment the Mayor could impose. Woodus Kellum, Esq., appeared for the prosecution in the case against Mr. Herring.

The only other case of interest in court yesterday was that of five young men of the city who were detained by Policeman E. R. Chadwick a few nights ago when they had lifted up their voices in melody while returning from down town. The "nightingales" were represented by Attorneys T. W. Davis and Geo. L. Peschau, but the Mayor stated at the outset that from an investigation of the case there was no evidence against the young men at the bar of the court. The attorneys craved an investigation of the case against the young men and several witnesses were introduced, but later a collapse of the whole case was the result just as the Mayor had anticipated from the first and had so informed the attorneys.

LOCAL DOTS.

—First Church of Christ, Scientist, Carolina Place: Services this evening at 8:15 o'clock. All are invited.

—The Norwegian steamer Carmelina, 1,050 tons, Captain Andersen, arrived yesterday from Demerara and will receive cargo of cotton from Messrs. Alexander Sprunt & Son.

—Deputy Sheriff W. H Cox yesterday went out in country and arrested Joseph Marvels, a negro wanted in Johnston county for fornication and adultery and for whom a warrant was sent to New Hanover. The negro was placed in jail and the authorities at Smithfield advised of his arrest.

—By deeds filed for record yesterday the following real estate transfers appear: I. B. Rhodes and wife to S. D. Bryant, for $500, property on south side of Harnett, 75 1-2 feet east of Eighth street, 741-2x66 feet in size. George R. Tatum and wife to G. F. Cumber, for $300, two tracts of land in Masonboro, containing five and eleven acres respectively.

—Lumberton Robesonian: "Messrs. W. H. Kinlaw and D. B. McNeill, of this place, were managers of an excursion on the steamer, "City of Fayetteville," from Fayetteville to Wilmington on the Cape Fear river, leaving Fayetteville last Monday morning and returning Tuesday night. Quite a number from this county took advantage of the excursion, and had a most delightful trip."

Drill for Medal Postponed.

On account of the absence of Captain Robertson and Lieutenant Gause the competitive drill for the officers' medal was postponed by the Wilmington Light Infantry last night. It will take place next Tuesday night week. The regular drill was, however, held with Lieutenant Thos. R. Orrell in command. This was very successful and indicates a prosperous Winter's work by the command.

Schooner Clifford N. Carver Arrives.

The schooner Clifford N. Carver, 973 tons, Capt. Olsen, arrived last night from Carteret, N J., with a cargo of fertilizers for the Pocomoke Guano Company. The Carver was towed up last night by the Sea King and will begin discharging today at the Carolina Central warehouses.

Delightful Birthday Party.

Miss Edna Tiler last night delightfully entertained a company of her friends in honor of her birthday, the scene of the pleasures for so many guests having been the home of Miss Tiler's sister, Mrs. E. P. Cunningham, No. 615 Church street. Dainty refreshments were served and those present voted Miss Tiler a delightful hostess.

THE AMERICA CUP.

Sir Thomas Lipton Reluctantly Abandoned the Prospect.

(By Cable to The Morning Star.)

Dublin, Oct. 1.—Sir Thomas Lipton again has expressed his deep regret at the refusal of the New York Yacht Club to accept his challenge to a race for the America's cup, and in a lengthy letter to the Royal Irish Yacht Club he sets forth his reasons in detail. The committee of the club met tonight.

"I have already competed three times under the deed of gift with the modifications arranged under the mutual agreement clause," writes Sir Thomas, "and my personal experience of these contests is such that I consider that the handicap of having to design a vessel of the type which has been gradually developed during the recent years and which shall be of sufficient light construction yet capable of being taken with safety on its own bottom across the Atlantic, entirely precludes the possibility of competing on equal terms with a vessel which is not compelled to make this ocean voyage.

"I recognize that the members of this club are well within their rights in deciding as they have done, yet I am sorry that they have not been able, under the mutual agreement clause to meet me on my wish to have a race under their own universal rule, which, in my opinion encourages a very wholesome and desirable type of yacht.

"In view of their attitude, however, there is nothing left but to abandon the idea of a contest for the present, although I am always prepared, under mutually satisfactory conditions to arrange a race."

TO CONTROL WIRELESS

Confusion in Signal Cause of Demand For Federal Direction.

(Special to Baltimore Sun.)

Washington, Sept. 30.—Wireless experts at the Navy Department have seized upon the recent error of the wireless operation on the United States ship Pennsylvania at Mare Island in mistaking the signals of the operator at the Tatoosh Island Lighthouse station, in the State of Washington, for that of Savannah, Ga., as indicating anew the need of legislation for the control of wireless stations within the limits of the United States. It was at first thought that a new record had been made by the Pennsylvania in picking up signals from the station at Savannah.

It has now developed that the Pennsylvania, just in from a long cruise, had no knowledge of the recent establishment of a station at Tatoosh Island Lighthouse. The station at Savannah is a commercial station, and signal used by it and the Tatoosh Island station are the same, so when the operator on the Pennsylvania caught the call later of the Tatoosh Island station he reasoned that it must be that o Savannah. Wireless experts at the Navy Department say that, having no control over the commercial station at Savannah, they cannot prevent the use of the same call letters by it as those in use at one of their stations. It is expected that the incident will be used at the coming session of Congress to aid in securing the enactment of a law which will place the control of all wireless stations in the hands of the government.

WARM WIRELETS.

By defeating Columbus yesterday the Toronto Club, of the Eastern League, won the Class A. Minor League championship. Only five games were played, Toronto winning four.

The New York general offices of the Western Union Telegraph Company were yesterday advised that at a meeting held in Toronto on Sunday the few operators remaining on strike there declared the strike a failure in Canada and agreed to apply for re-instatement.

In a brief opinion the Common Pleas Court yesterday dismissed the exceptions filed to the court's decision against the Pennsylvania two-cent a mile rate law and confirmed its prior findings. The legal representatives of the county of Philadelphia and the State will appeal the case to the Supreme Court.

Negro voters were yesterday excluded from participating in the Democratic primary election for Governor in Louisiana in January next. The action was taken by the Democratic State Central Committee which declared the measure to be "the purpose and intent of the primary election law passed a year ago."

Salvidere running to his best form easily won the cup preliminary at one and a half miles at Brighton Beach yesterday and in doing so made a new track record by stepping the distance in 2:30 4-5. Ballot, the one to three shot, went out in front early and forced a fast pace but at the end of the mile Salvidere moved up and taking the lead, won easily by six lengths. Jockey W. Doyle, whose mount, Voorhees, stumbled and fell soon after the start in the sixth race received injuries which may prove fatal.

THE ATTORNEYS GENERAL.

Far Reaching Action Taken at Their Meeting Yesterday.

(By Wire to The Morning Star.)

St. Louis, Oct. 1.—Action that may have farreaching effect in anti-trust and corporation litigation and which may bear fruit in almost every State was taken by the convention of Attorneys General in its final session here today. A committee was appointed to draft a scheme of anti-trust legislation to be sent to all attorneys general and as a climax the attorneys general adopted a resolution which is expected to aid in removing a thorn in the flesh of the State officers, the interference by Federal Circuit courts with the operation of State laws. Permanent organization was also effected under the name of "The National Association of Attorneys General of the United States," and a united front will be presented in legal actions brought by different States against the same corporation or trust.

The resolution is as follows:

"Whereas, The efficient administration as well as the preservation of our dual system of government requires that each sovereignty be permitted to exercise its function as defined by the Federal constitution unhampered by the other; therefore be it

Resolved, By the convention of attorneys general of the several States here assembled, That we earnestly recommend to the favorable consideration of the President and the Congress of the United States the enactment of a law providing that no circuit court of the United States or any judge exercising powers of such circuits shall have jurisdiction in any case brought to restrain any officer of a State or any administrative board of a State from instituting in a State court any suit or other appropriate proceeding to enforce the laws of such State or to enforce any order, made by such administrative board, but allowing any person or corporation asserting in any such action in a State court any right arising under the constitution or any law of the United States to have the decision of the highest court of such State reviewed by the Supreme Court of the United States as now provided by law.

"We also recommend that suits in Federal circuit courts by persons interested in corporations to restrain such corporations from obeying the laws of States in which they are doing business, be prohibited."

On recommendation of the committee on organization the following were chosen as officers: President, H. S. Hadley, of Missouri; Vice President, Dana Malone, Massachusetts; Secretary-Treasurer, William H. Dickson, Colorado.

GEORGIA REPUBLICANS.

They Are For Foraker First, Last and Always.

(By Wire to the Morning Star.)

Atlanta, Ga., Oct. 1.—At a largely attended mass meeting under the auspices of the Republican State League of Georgia here tonight, to select candidates at large to the Republican National Convention, Senator Foraker, of Ohio, was put forward as a Presidential nominee. The resolutions adopted said "the league was for Foraker first, and if he could not be nominated then the league stood for any man who could defeat Roosevelt, Taft, or any man named by Roosevelt."

Chairman T. M. Blodgett in addressing the meeting said that the league will fight for a plank in the National Republican convention denouncing the "infamous disfranchisement laws of the Southern States and protecting the constitutional rights of citizenship of the ten millions of black people of America." The meeting was largely composed of colored people.

THE BARR RESIGNATION

Exposition Directors In a Quandary What to Do.

(By Wire to the Morning Star.)

Norfolk, Va., Oct. 1.—A meeting of the Jamestown Exposition directors which had been called for Thursday of this week to act upon the declination of Director General Barr to withdraw his resignation, was late this afternoon postponed until Saturday at noon. The postopnement, it is believed is to give time to look about for a suitable successor to Mr. Barr.

SEA ENGINEERS TO FIGHT

New York Steamship Lines Said To Have Granted Demands.

(By Wire to the Morning Star.)

Baltimore, Oct. 1.—Reports received by the Marine Engineers' Beneficial Association of Baltimore indicae that every line out of New York yesterday granted the demands of circular to all coasting steamship companies and tugs performing sea service that there should be an increase in the pay of all engineers, and that on tugs going to sea there should be extra engineers, oilers and firemen on and after October 1st.

Secretary Higgins, of the Baltimore association, reported that there was no serious opposition by any of the local companies except the Merchants and Miners' Transportation Company, which replied that it would not grant the demand.

"We will meet this answer," said Mr. Higgins, "by fighting it out to the bitter end."

The Baltimore and Carolina Steamship Company refused to grant the advance, and the engineers on the Theodore Weems were paid off. Mr. Higgins believes this trouble will be settled satisfactorily to all.

Referring to the tugs of P. Dougherty Company, American Towing and Lightering Company, Consolidation Coal Company and the Baker-Whiteley Coal Company, the only companies out of this port perfoming sea service with tugs, Mr. Higgins said, there will be some compromise made regarding this class of coasting vessels.

THE ALEXANDRIA TRAGEDY.

It Was Fiancee's Brother Who Attacked John Mullen.

(By Wire to The Morning Star.)

Washington, Oct. 1.—From his bed in the hospital where he is critically ill as the result of being ambushed and shot while out walking in the woods near Roslyn, Virginia, Sunday night with his fiancee, Miss Amelia Weiss, John W. Mullen tonight positively identified Charles Weiss, brother of the girl as his assailant. Mullen from the outset stoutly maintained that it was not a negro who attacked him but a relative of the girl.

Weiss approached the bed of the prostrate man, reminded him of his precarious condition and asked him to take another look at him because it meant so much to him. Mullen, however, dramatically declared that Weiss was the one who attacked him. Weiss was taken back to his cell to await requisition papers from Governor Swanson, of Virginia.

LOST ON REPUBLICAN TICKET

Judge Ordered His Name Up As A Democratic Nominee.

(By Wire to the Morning Star.)

Trenton, N. J., Sept. 30.—Justice Swayz filed an opinion in the Supreme Court to day ordering the Election Board of Mechuchen to certify the nomination of Dr. Charles M. Freeman as the Democratic candidate for Mayor of that place.

Freeman was defeated for the Republican nomination, but received more votes in the Democratic primary than the regular Democratic nominee, but the election board refused to certify his nomination.

A. D. BROWN

"THE MODEST PRICE STORE"
No. 29 North Front Street,
WILMINGTON, N. C.

Forty Years of successful merchandising in the city of Wilmington is our record and we are proud of it. Business methods that have met the approval of a host of friends and customers, account for our phenomenal showing.

A deep sense of gratitude to our patrons for their confidence, guarantees a continuance of honest purposes, conservative but progressive spirit and a determination to fully maintain our reputation for "square dealing."

Our best assets are our "SATISFIED CUSTOMERS" and we shall always endeavor to merit their good will.

Truly and Gratefully,

A. D. BROWN.

SPIRITS TURPENTINE

—The Bank of Parkton is a new institution at Parkton of which the town is proud. It opened on the 21st inst., and business on the opening day was far beyond expectations. Mr. J. G. Hughes is president, Mr. L. C. McArthur, cashier.

—Governor R. B. Glenn has accepted an invitation to address a temperance rally in Salisbury Sunday, October 6th, for which occasion big preparations are being made. The meeting will be under the auspices of the First Church, and will be strictly in the interest of temperance. Rev. John A. Oates, one of the leading temperance workers in the State, will also speak.

—Maxton correspondence Lumberton Robesonian: "Work is now progressing nicely on the buildings of the Carolina Methodist College. The first brick was laid by Miss Katie Lee McKinnon, the attractive and accomplished daughter of our townsman, Major A. J. McKinnon. The new Methodist church is also nearing completion and it is hoped that it will be ready for use within the next 30 days."

—Charlotte Observer: "The cotton mill industry in North Carolina is steadily on the increase. Kinston is to have another mill toward which $70,000 have been subscribed and which will be organized when $100,000 are raised. It will have its home in a fine cotton section and a fine handsome town the prosperity of which will be enhanced by it while itself, like nearly all North Carolina mills, will prosper."

—Fayetteville Observer "Lewis West, outlawed in Cumberland about a year ago, has come to grief in South Carolina. He was recently arrested by Detective Scarborough, of the A. C. L. near Dillon, charged with wholesale robberies of freight from that railroad, and was sentenced last week to a term in the penitentiary. West fled from a number of grave charges in this county, and was outlawed. He was known as a bad negro, and always went armed with a double-barreled shot gun."

—Fayetteville Observer: "Fayetteville is to have the honor of seeing America's greatest living citizen, Hon. W. J. Bryan. He will spend the day of October 15th with Major E. J. Hale. Arrangements are being made for him to make two speeches during his stay, one public and the other (a lecture probably) for the benefit of the Women's Civic Improvement Association. There will be a meeting in a day or two of prominent citizens for the purpose of appointing committees, and making suitable arrangements for the reception of the great Nebraskan."

—Lumberton, Sept. 30.—Isaiah Currie shot and killed Dick McNeill, an aged colored man, yesterday afternoon at the home of Currie, near Shannon. McNeill had gone on a visit to Currie's home and the latter and his wife were quarreling. McNiell, in the role of peacemaker, said "I would not do that way, don't fuss," when Currie turned to him and said: "I'll kill you, then," and shot him down. Currie was arrested and will be brought to jail here today. Coroner Rancke was telegraphed for and left this morning for Shannon to hold an inquest over the body.

—Durham, N. C., Sept. 30.—Work on the base and foundation of the monument to Mr. Washington Duke, Trinity's great benefactor, has begun and is being rapidly pushed to completion by Mr. N. Underwood, one of Durham's leading contractors. This monument will occupy a very prominent place directly in front of the Duke building in the driveway leading from the front entrance to the campus. The monument to be placed here is the gift of friends of the late benefactor, and there have been a large number who contributed to the fund. The work is being done by Valentine, of Richmond, Va. It is of heroic size, sitting posture.

—Fayetteville Observer: "The largest whiskey still of all the nine which have been seized in Cumberland within the past few months, was discovered yesterday afternon in Rockfish township between Hope Mills and Bluff by Deputy Sheriff J. C. Culbreth and Chief of Police Alex Arnett, of Hope Mills. The blockaders were evidently observing Sunday, no one was in sight and the cap and worm had been carried off. Three hundred gallons of beer were destroyed, and the still, a 110-gallon copper one, of the very best make, was brought to this city and turned over to Sheriff Watson. A squirrel hunter accidentally ran upon the still Saturday and its whereabouts was made known to the officers.

—Lumberton Robesonian: "A meeting of the business men of the town was held Thursday night in the Masonic hall for the purpose of further considering the proposition of Mr. O. Pressprich, of New York, in regard to putting up a canning factory here. Two or three propositions were submitted by Mr. Pressprich, but nothing definite has yet been determined. Several men are interested and think that a plant of that kind could be operated here with profit. Mr. Geo. French will probably visit some large canning factories in Maryland within the next few weeks for the purpose of getting more definite information as to the cost of erecting and equipping a plant, and if he reports favorably the factory will doubtless be built.

A Criminal Attack

on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It's generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis, and establish regular habits of the bowels. 25c. at R. R. Bellamy's drug store.

IS THIS YOU?

Are you hesitating, at the parting of the ways, on the question of whether, or not, you should "Take Cardui?"

If so, perhaps the following information will help you to settle the question, in a way that will be satisfactory and beneficial—to you.

The main question really resolves itself into two:

First: Will **Cardui** do you any harm?

Second: Will **Cardui** do you any good?

We can answer them both for you, in a manner that we feel sure will be convincing.

First: Cardui will **not** do you any **harm**, no matter what your age, or in what condition of health you may be. **Cardui** is manufactured according to scientific methods, from absolutely harmless vegetable ingredients, contains no minerals, opiates, or other deleterious drugs, and is fully **Guaranteed under the Pure Food and Drugs Act.**

Second: Cardui **will** do you **good.** How much good, of course, depends very largely on your present state of health, how long you have been sick, and how long you continue to take it. These things **you** know more about than **we** do.

But we **do** know that Cardui has proven itself, in the many years since it was first used, a most beneficent, strengthening, and specific remedy, for the common disorders to which women are so subject.

Cardui will **strengthen** you **if** you are weak.

It will **relieve** your female troubles, if they are due to some cause which can be reached by medicine.

As **proof** of the statement that **Cardui** will benefit womanly disorders, we ask you to read the letters printed below; then to go to your druggist and get a bottle of it.

WINE OF CARDUI

Woman's Relief

For Sale At Druggists in $1.00 Bottles

H H 10

"SICK FOR EIGHT YEARS"

Revere, Minn., Nov. 22, 1906.

Before I took Cardui, I had such pains, low down in my back, that I often wished I could die. I wasn't able to do anything. I couldn't sleep and I often went to bed at night and thought I wouldn't live till morning. No medicine helped me, until I took Cardui, and now I am entirely well. I wish other women would follow my advice and take Cardui for female diseases. It is a sure cure and very cheap, for how many women doctor for years and get no benefit; whilst four bottles of Cardui and two boxes of Thedford's Black-Draught cured me, although I had been sick for eight years.

Mrs. M. Van Horn
Revere, Minn.

MRS. MAGGIE VAN HORN.

"LETTER OF GRATEFUL THANKS"

Page's Mills, S. C., June 12, 1907.

I write you this letter of grateful thanks, for the good that Cardui has done me. I had strange feelings in my head and was so weak and nervous I could scarcely do anything. I kept getting worse and worse and the doctor could only give me temporary relief. One doctor said I had nervous indigestion, another consumption, and so on. My husband bought lots of different medicines, but none did me any good. At last I tried Cardui and found relief almost in the first dose. I can truthfully testify that it is worth its weight in gold to any suffering women. Now I have no bad feelings, no bad dreams, no bad appetite. I can eat, sleep and work, every day, and feel good.

Mrs. Fannie Rogers
Page's Mill, S. C.

PORK—Out of season.

TURKEYS—Out of season.

NEW YORK STOCK MARKET.

(By Wire to The Morning Star.)

New York, Oct. 1.—The professional element in the speculation operated with some freedom in stocks today, but the sentiment which prompted operations fluctuated constantly. The contents of President Roosevelt's speech at Keokuk was the generally assigned cause for the new turn to the selling side by the professional element.

St. Paul was under some special pressure, accompanied by several unverified rumors. The strength in Pennsylvania was assignable to the favorable return of net earnings for August, although Atchison also was notably firm throughout, in spite of a large decrease in net earnings for August. The United States Steel stocks sold off on reports of a cutting down of the working force with the mills. The Metropolitan Street Railway receivership revived the often repeated weakness in the local traction group. The call money rate did not relax appreciably and held with a moderate show of strain manifested yesterday. The whole market was highly professional and the movement showed little consistency at any time. Bonds were irregular. Total sales par value, $1,508,000. U. S. Bonds were unchanged on call.

Total sales today, 507,500 shares.

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, Oct. 1.—The cotton market was rather less active today and fluctuations continued irregular with the close barely steady at a net decline of 5@6 points. Sales for the day were estimated at 200,000 bales.

The opening was steady at a decline of 2 points to an advance of 2 points, which was just about as due on the cables. During the morning the market ruled generally steady to firm on covering and support from some of the leading bull operators, but after selling 4 to 5 points net higher eased off in spite of bullish private condition reports and closed at practically the lowest of the session. Weather reports were considered favorable, but advices from the South indicated no change in the attitude of interior holders and agressive selling was checked by the fear of bullish government reports tomorrow.

Two private condition reports were published, both of which showed a deterioration for the month of a little over 7 per cent. The government condition last month was 72.7 per cent., and tomorrow's figures will compare with 71.6 last year, and a ten-year average of about 67.8 per cent. A canvass of 90 members of the local trade showed an average expectation that the government figures will show about 68 per cent., the lowest individual guess being 64 and the higher 71 per cent.

Receipts at the ports today, 52,517 bales, against 49,492 last week, and 79,066 last year. For the week, 250,000 bales, against 220,199 last week, and 313,576 last year. Today's receipts at the New Orleans, 3,328 bales, against 14,752 last year and at Houston, 15,044 bales, against 25,252 last year.

Spot cotton closed quiet; middling uplands, 11.80; middling Gulf, 12.05; sales, 23,200 bales.

Futures opened steady and closed barely steady.

Mess pork, per barrel—October, 13.75; January, 15.20.

Lard, per 100 pounds—October, 8.95; November, 9.07 1-2; January, 8.77 1-2.

Short ribs, per 100 pounds—October, 7.80; January, 7.92 1-2.

Cash quotations were as follows: Flour, ——; No. 2 Spring wheat, 1.05@1.08; No. 3, 93@1.05; No. 2 red, 94 1-2@95 3-4; No. 2 corn, 62@62 1-4; No. 2 yellow, 62 3-4; No. 2 oats, 51 5-8; No. 2 rye, 86; short ribs sides (loose), 7,85@7.95; mess pork, per barrel, 13.75@13.80; lard, per 100 pounds, 8.95; short clear sides (boxed), 8.50@8.70; whiskey, basis of high wines, 1.34.

LIVERPOOL MARKET.

(By Cable to the Morning Star.)

Liverpool, Sept. 1.—Cotton: Closing quiet moderate business done; prices 5@9 points lower. American middling, fair 7.63; good middling, 7.15; middling, 6.67; low middling, 6.27; good ordinary, 5.53; ordinary, 4.93. The sales of the day were 7,000 bales, of which 500 were for speculation and export and included 5,900 American. Receipts, 5,000, American. Futures opened steady. American middling, G. O. C.: October, 6.18; October and November, 6.12; November and December, 6.07 1-2; December and January, 6.05; January and February, 6.05 1-2; February and March, 6.06 1-2; March and April, 6.07 1-2; April and May, 6.08; May and June, 6.08 1-2; June and July, 6.18 1-2; July and August, 6.08 1-2.

FINANCIAL MARKET.

(By Wire to the Morning Star.)

New York, Oct. 1.—Money on call, strong, 4 3-4@6 per cent.; ruling rate, 5; closing, 4 3-4; offered at 5. Time loans, firm, 60 days, 5 3-4, and 90 days, 6 per cent.; six months, 6 per cent. Close: Prime mercantile paper, 7 per cent. Sterling exchange, strong with actual business in bankers' bills at 4.8575@4.8580 for demand and at 4.8225@4.8230 for 60-day bills. Commercial bills, 4.81 3-4. Bar silver, 66 7-8. Mexican dollars, 52.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Oct. 1.—The dry goods market was quiet today with prices holding steady in most cases. Cotton yarns are lower. The export trade is very quiet. Clothiers linings are in better demand than linings for jobbers. Printed fabrics are being bought more freely and ginghams continue in steady demand.

NAVAL STORES.

(By Wire to The Morning Star.)

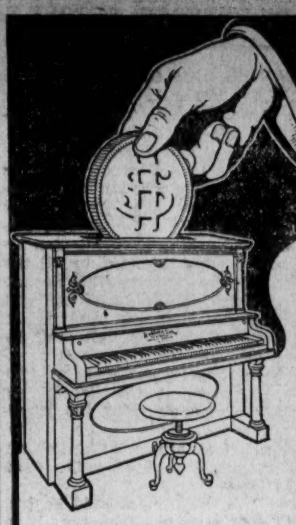
His Dear Old Mother.

"My dear old mother, who is now eighty three years old, thriyes on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellet appetite, feels strong and sleeps well." That's the way Electric Bitters affects the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by R. R. Bellamy, Druggist. 50c.



Like Putting Your Money In Bank

The Ludden and Bates Club Plan of piano selling was created for people who really want a high-grade piano, yet lack the ready money for its purchase. By joining the club of one hundred now forming, members can secure a really genuine $400.00 New Scale Ludden and Bates Piano *at once.* We send you the piano as soon as your application is accepted. You pay for it a little at a time each month. It's like putting your money in bank, only better;—you actually save $113.00 on the price.

The Ludden & Bates New Scale PIANO

is a genuine $400.00 instrument if judged by the values of other pianos. It would cost $400.00 too, only for our plan of making and selling one hundred pianos at a time, instead of a single piano like other dealers. The saving to you is $113;-$287 instead of $400.

The Ludden and Bates New Scale Piano is guaranteed for a life time. Has special copper-wound and steel strings throughout. Full cabinet grand, balanced scale, as perfect as skill can make it. Double repeating action, with light, even touch. Genuine ivory keys. Beautiful cases of fancy walnut, mahogany or oak, lined throughout with birds-eye maple. Tone full and rich, with that peculiar "singing" quality found only in the highest grade of piano.

In case of the death of the head of the family we cancel the club contract and make you an outright present of the unpaid balance. The piano then belongs to you absolutely. This free life insurance has allowed the completion of many a musical education, and is worth your consideration. It is practically an assurance that you will not lose your piano through inability to pay dues.

Write us at once for an application blank and complete description of different styles of finish. In this way you can make a selection that will delight you. You can leave the question of tone to us. We will see that you get a perfect instrument. A well made, attractive stool and a beautiful scarf go with each piano. Write for full information of the club that is now forming.

LUDDEN & BATES, Southern Music House, Dept. BE, Savannah, Ga.

Belle of Virginia

BLENDED RYE

When a man goes for a drink of Belle of Virginia Whiskey he hurries because he knows he will have a fine drink, and when he comes away he smiles and smacks his lips because he has had it. Belle of Virginia is a blended whiskey—a rye whiskey carefully and scientifically blended from fine, pure, old whiskies. It's a really good honest article and to those who like a blended whiskey it will give satisfaction clear down to the ground.

Sold at the places where gentlemen go to get a drink.

THE C. W. POLVOGT COMPANY

"The Store That's Always Busy"

AUTUMN EXHIBIT.

THE MILLINERY OPENING

WILL OCCUR

Tuesday and Wednesday, Oct, 8th and 9th.

This year's showing relegates the best efforts of preceding years to honorable obscurity. We will show the largest collection of imported pattern hats ever exhibited in our Millinery Department. No invitations will be issued other than newspaper advertisements. You will be cordially welcomed. Bring your friends along with you. The department will be decorated appropriate to the Fall season.

OUR SEPARATE SKIRTS

Are creating no end of favorable comment. The prices are no higher than the material would be; we save you the cost of making. Full assortment of voilles, Panamas and serges.

YOUR CARPET TRADE

Is of utmost importance to us, we want it. We have bought this big fall stock in the hope of getting it. We know the carpet business from beginning to end. Let us figure with you for parlor, hall and stair or room carpet. We have the largest Carpet Department in North Carolina. Prices as usual, RIGHT.

MR. ROOSEVELT AT KEOKUK, IOWA

Embarked There For Trip Down Mississippi River to Memphis, Tennessee.

INLAND WATERWAY MEN

Met There Simultaneously—Made a Great Speech and Was Solicitous For Children — Negroes Presented Him Cane.

(By Wire to the Morning Star.)

Keokuk, Iowa, Oct. 1.—Keokuk put on gala attire to receive the President of the United States when he arrived here at 9 o'clock today. The city was assisted in its reception of the chief magistrate by a notable gathering of distinguished men, including the governors of more than a dozen States, members of both Houses of Congress and the Inland Waterways Commission.

The occasion of the President's coming was the movement for a deep waterway down the Mississippi river to the Gulf and this city was selected as the point of embarkation for his voyage down the river to Memphis, where he arrives Friday. He made a noteworthy speech to thousands of auditors. The reception to the President was cordial in the extreme. He was in excellent spirits. He embarked on the steamer Mississippi a few minutes before noon. The boat is scheduled to reach St. Louis at 9:45 A. M. tomorrow. He was accompanied by Governor Frantz, of Oklahoma, and Seth Bullock, of the Black Hills.

As at Canton, the President did not deliver his speech here just as he had prepared it and given it to the press. He did not omit any feature, but frequently turned from his manuscript to interject extemporaneous remarks for emphasis and elaboration.

Before beginning he insisted that the ropes be let down so as to admit enough persons to fill a number of vacant seats and when a man and woman appeared carrying children, he directed that they be given chairs.

Again as on yesterday his theme was similar treatment for the poor and rich and again he found occasion to point his story with familiar colloquialisms.

"Isn't this good doctrine?" he asked, after stating his proposition, addressing the Grand Army group in front of him, and when he received a shout of assent, he added that he was always willing to help a man who stumbles and falls, but not to carry the man who "lies down."

"It does him no good, and it is too much for me," he added.

That the American people can "whip the world," he conceded, but contended that they would have a hard time doing it if not prepared. He would have, both men women, do well some work that was worth doing, and he announced his contempt for the woman who would shirk her duty as a wife and mother.

Considerable rain fell during the speech, but the President did not allow it to interfere.

After he concluded he was presented with a gold-headed cane by the negroes of Keokuk.

The presentation speech was made by a negro plasterer, who assured the President that the negro population of Keokuk has every confidence in his administration and in his determination to treat the black race with fairness. The incident seemed to touch the President. He grasped the speaker's hand and held it tightly while he made reply, saying that he accepted the present with great pleasure and added that in dealing with the black man as in dealing with the white, he followed what he believed to be the only sane principle—that of treating every man according to his merits as an individual, regardless of race.

REAL LIVE TEDDY BEARS

They Have Been Spotted For the President in Louisiana.

(By Wire to The Morning Star.)

New Orleans, La., Oct. 1.—President Roosevelt will be within one to four hours communication from the outside world when he goes to Hunting Camp, in Northeast Louisiana, at the end of this week. The location of two of his camps which have already been pitched, was made public here today by A. K. Amacker, of Lake Providence, who helped to make the camps. The first is at the junction of the Tensas river and the Monticello road, in East Carroll parish. This camp will be about five miles from Alsatia station, where the temporary White House will be established for the President's secretaries, telegraphers and newspaper correcpondents. The second camp is at the junction of Monticello road and Joe's Bayou. A temporary bridge has been built across the Tensas river to give easy communication between the camps. From the base four canebrakes are easily accessible. They are called the National, the Federal, the Alexander and the Bear Lake brakes and are from four to six miles distant from the camps. Mr. Amacker said that so far eight bears have been located in the brakes by experienced hunters who have been selected to lead the President's expedition.

Describing the sport in the brakes Mr. Amacker said:

"The cane tops interlace and press down until a man must stoop or crawl to penetrate them. Often the hunter is on his hands and knees and must have his wits about him when his dogs overtake the bear. If the President likes to rough it, he will have plenty of chance in the several brakes I have mentioned."

HEARING RESUMED AT RALEIGH, N. C.

Evidence Before Standing Master Montgomery in Southern Railway Rate Case.

TRAVEL FROM GREENSBORO

So Heavy That Trains are Inadequate. Merchant Tells of Discriminations in Freight Traffic Against North Carolina Points.

(By Wire to The Morning Star.)

Raleigh, N. C., Oct. 1.—The hearing in the Southern Railway rate case was resumed today before Standing Master Montgomery. The examination developed a purpose to show that travel on the Southern Railway, particularly on trains running out of Greensboro, was very heavy and beyond the capacity of the trains to handle with comfort and also that travel had increased very much since the 2 1-4 cent rate law went into effect. The testimony of witnesses thus far has been in support of the railway.

At the afternoon session C. H. Ireland, a wholesale hardware dealer of Greensboro, testified as to discrimination in freight rates against North Carolina points in favor of points in other states giving a number of instances. Judge Montgomery intimated an opinion that the evidence was not germane to the inquiry but let it go into the record.

MR. ROOT DOING MEXICO.

Received By President Diaz Yesterday With Distinguished Courtesies.

(By Wire to The Morning Star.)

Mexico City, Oct. 1.—With all the members of the Mexican Cabinet present, President Diaz received Secretary Root at 11 o'clock this morning in the Hall of Ambassadors in the National Palace.

The meeting between the two statesmen was most cordial, Mr. Root, who was presented to President Diaz by Ignacio Mariscal, the foreign minister, said he was delighted to meet the man who had made Mexico one of the foremost of Latin-American countries, and he hoped for a continuance of the good results arising today from the cordial relations between the United States and Mexico. President Diaz in reply, said Mr. Root's zealous work for a better understanding between the United States and Latin-America was well known and appreciated, and he welcomed the Secretary in the name of the Mexican nation.

Mr. Root was then presented to each member of the Cabinet, who all spoke words of greeting and good will.

Mr. Root went from Chapultepec to the National Palace in an automobile. He was accompanied by David E. Thompson, the American ambassador. The crowds in the street cheered him as he sped by. Today was the first time an American cabinet officer has been received by President Diaz in Mexico.

This evening there was a banquet at the National Palace, the guests including the ministers of State, the city officials, and members of the diplomatic corps. President Diaz offered a toast and Mr. Root replied. After the banquet there was a special performance by an Italian opera company at the Arbeu theatre.

OFF FOR RICHMOND

Episcopal Bishops Leave For Convention—Won Tennis Match.

Washington, Oct. 1.—The Episcopal bishops and other churchmen who have been in Washington for several days attending the convention of the International Brotherhood of St. Andrew and the laying of the cornerstone of the Cathedral of St. Peter and Paul left here today on a special train for Richmond, Va., to participate in the triennial convention of the Episcopal church.

The Bishop of London held an impromptu reception at the railroad station. He admitted for the first time who won a tennis match at the White House Friday between himself and President Roosevelt.

"I suppose you will not tell who won that tennis match?" he was asked.

"Certaintly I will," he answered, "I did."

J. Pierpont Morgan of New York, who will take a prominent part in the Episcopal convention arrived at the station a quarter of an hour ahead of time. He did not wait with the crowd of clergy and laymen but went immediately to the practically empty train.

THE EDDY TRUST FUND.

Superior Court Asked for a Ruling on Trust for Son.

(By Wire to The Morning Star.)

Concord, N. H., Oct. 1.—In the matter of the $125,000 trust created by Mrs. Mary Baker G. Eddy for her son, George W. Glover, of Lead, S. D., and his family, attorneys for Mr. Glover today asked the advice of the Hillsboro County Superior Court. The point raised was whether the clause in the trust deed, declaring that if any one of the beneficiaries shall make contest or opposition to Mrs. Eddy's last will or to the disposition of any other property by her, such beneficiary shall forfeit all rights in the trust fund is "valid condition or is null and void because against public policy."

GRAVE CHARGES OF EXTRAVAGANCE

New York Traction Lines Are Involved in Sensational Court Investigation.

GRAFT IS STRONGLY HINTED

Millions of Dollars That Affidavits Say Have Not Been Accounted For Satisfactorily—Other Receivers Are Asked.

(By Wire to the Morning Star.)

New York, Oct 1.—Startling charges of extravagance and neglectful management, or if not that, failure to account for millions of dollars, are made by State Attorney General Jackson in a petition filed today calling for the appointment of receivers for the New York City Railway Company and the Metropolitan Street Railway Company and also demanding the dissolution of the New York City Railway Company. The application for receivers was made to Justice Ford, of the Supreme Court, who issued an order for the defendants to appear in court on October 3rd, and answer to the complaint.

The Attorney General's action further complicates a situation already considerably entangled by reason of the various inter-related corporations which control and operate the tractions lines on Manhattan Island. Adrian H. Jodne and Douglas Robinson were appointed receiver for the New York City Railway Company by Judge LaCombe in the Federal Court several days ago and today the same receivers were named in the same court on application of the company's attorneys to act for the Metropolitan Street Railway Company.

The New York City Railway Company leases the lines of the Metropolitan Street Railway Company under a guarantee to pay 7 per cent. dividends on the Metropolitan stock. This dividend has never been earned since the date of the lease and the Attorney General charges that the deficit to date amounts to more than $10,000,000.

The Attorney General declares also that the Interborough Metropolitan Company which absorbed the New York City Railway Company in 1906 assumed all obligations of the New York City Railway Company and he sets forth that the New York City Railway Company and its directors have no steps to force the Interborough-Metropolitan to carry out its obligations.

The allegations hinting at fraud are made in connection with the company's construction account, the most sensational being that a charge of $509,000 per mile was made for the rebuilding of certain surface lines.

Attorney General Jackson alleges that the appointment of the receivers for the New York City Railway Company by Judge LaCombe in the United States circuit court was illegal and demands that the defendants be directed to pay back all money and the value of all property "which was lost and wasted by or through them."

The defendants named are Daniel B. Hasbrouck, DeClifford Moorehead, Herbert Vreeland, Richard W. Meade, Robert A. Smith, Charles F. Warren, Williams Fahnestock, Solomon Guggenheim, Ralph L. Anderson, Jr., and the Metropolitan Street Railway Company.

The Attorney General declares that the New York City Railway Company, the lessee of the Metropolitan Street Railway Company became insolvent shortly after the execution of the lease of the Metropolitan Street Railway Company under the 7 per cent. guarantee and has continued to be insolvent ever since. The liabilities of the New York City Railway Company are stated to exceed its assets by approximately $10,000,000. Continuing the Attorney General says that the defendants have unlawfully disposed of assets and property of the defendant company; that during the year 1906 defendants expended or claimed to have expended $1,234,309 for engineering and superintending expenses in changing motive power on less than 43 miles of double track road, this being at the rate of $30,000 per mile; that if such money was expended for any such purpose the defendants were negligent and wasted the funds in expending much more than a reasonable amount for such purpose and if said money was not expended for said purpose, the expenditure has never been accounted for by the defendants; that during the year 1902 the defendants claim to have expended on the property of the defendant's company the sum of $4,395,687 for laying new rails, this being equivalent to the rate of over $103,000 a miles, whereas the true costs and expense of laying such rails would not have exceeded the sum of $22,000 a mile; that if said sum as stated was actually expended for that purpose, defendant wasted almost $3,500,000 of the assets of the defendant company and if the said money was not so expended then the defendants have not accounted for a sum amounting to $4,395,687.

"AS BAD AS OIL TRUST."

Evidence Said to Be at Hand Showing Others Got Rebates.

(By Wire to The Morning Star.)

Chicago, Sept. 30.—According to his counsel, James A. Moffett, president of the Standard Oil Company of Indiana, will tomorrow give evidence to the Federal grand jury which will justify the statements that have been made by Mr. Moffet to the effect that other shippers in the neighborhood of Whiting, Ind., have been as guilty of rebating with the railroads as the Standard Oil Company.

It is said the evidence will result in the government proceeding against other corporations.

MEANDERINGS OF MR. TAFT.

Shown Great Honors at Tokio Yesterday—Good Feeling.

(By Cable to The Morning Star.)

Tokio, Oct. 1.—Secretary Taft's busiest day in Japan began with a reception and a luncheon given in his honor today by Foreign Minister Hayashi at the Koshikawa Korekuyen arsenal, which were attended by all the officials of the government departments, making it the most brilliant function of his visit. In replying to the speech of welcome delivered by the war minister, Lieutenant General Terauchi expressed the pleasure felt by the Japanese at the Secretary's visit. Mr. Taft reiterated his previous acknowledgements of the courtesies extended to him and the delight which he experienced at being once more in Japan.

Mr. Taft, who is in splendid health, is delighted with his reception here and with the enthusiasm aroused by the speech which he made yesterday evening, when he delivered a message of good will from President Roosevelt. The repast today was served in a pavilion erected two years ago on the occasion of a similar entertainment to Mr. Taft.

The affair today brought together a notable gathering of Japanese officers who gained renown in the recent war, and other prominent leaders. Sharing the head of the table with Secretary Taft, was Field Marshal Prince Oyama. The Japanese officers wore a glittering array of medals and other decorations with the American and Japanese flags entwined.

The toast to President Roosevelt elicited great applause and in reply Secretary Taft proposed the health of the Emperor of Japan, saying that this great monarch showed great ability in selecting his aides to carry on the affairs of the nation.

Yokohama, Oct. 1.—Secretary and Mrs. Taft were the guests of honor at a brilliant reception at the American consulate here this afternoon under the auspices of the Asiatic Association.

GOVERNOR ISSUES ULTIMATUM.

Extra Session of the Legislature is the Big Stick.

(By Wire to the Morning Star.)

Birmingham, Ala., Oct. 1.—Governor B. B. Comer today issued an ultimatum to certain railroads of Alabama which have so far declined to put into force the new rates provided by the recent legislature. He says unless they fall into line by October 7th, the legislature will be called into extra session to deal with them. The Governor said:

"My statement of August 21st remains in force and the call will be made about October 7th unless the reduced rates are sooner made effective by the Louisville and Nashville, the Nashville, Chattanooga and St. Louis, and the Central of Georgia railroads."

STRIKE IN ORLEANS.

Freight Handlers There Involved to Number of 9,000.

(By Wire to the Morning Star).

New Orleans, Oct. 1.—The levee strike became serious tonight when 1,100 freight handlers of the Illinois Central Railroad announced they will handle no freight for the steamships lines now using the crews of the vessels to load cotton. The railroad announced that fifty guards will arrive tomorrow and that more are en route. The steamship agents announced that within 24 hours they will begin loading cotton into a dozen vessels with non-union labor thus defying the 8,000 cotton handlers now idle in sympathy with the locked out screw men. More than 9,000 men are involved.

The master of a fruit steamship arriving at Mobile reports that on Wednesday last a conflagration destroyed four block in the business section of Port Limon, entailing a loss of $600,000 and resulting in the death of several persons.

The Advantage

of beautiful surroundings cannot be over-estimated in any recuperative system.

Recognizing the truth of this, some years ago The Greensboro Keeley Institute purchased "Blandwood," the historic residence of the late Gov. Morehead, and one of the most beautiful natural sites in the entire South. In a great grove of oak trees, surrounded by well kept lawns, evergreens, and flowers, stands the largest branch home of the World-Famous Keeley Cure for liquor and drug addictions, the tobacco habit and nerve exhaustion.

Here is found that rare combination of country and city life, insuring all privacy and seclusion desired and yet within five minutes' walk of the city's principal thoroughfare.

If interested write for our handsomely illustrated booklet. It is FREE.

Address confidentially,
